

Introducing the **NEW AUTO-CONFIGURING** Solid State Dovetail Magnetic Switches from Compact Automation

PART NUMBERS:

- CA-S-01 1-meter flying lead
- CA-S-03 3-meter flying lead
- CA-S-QD8 0.15-meter lead with M8x1 male quick connect

Order individually or in 25-piece value priced packs (Add -25PK to the part number)

ENHANCED SPECIFICATIONS INCLUDE:

Output Type	AUTO-CONFIGURING PNP OR NPN
Operating Voltage	5-30 VDC
Operating Temperature	-10 to 90° C
Shock Resistance	50 G (Max)
Operating Frequency	5K Hz (Max)

OTHER SPECIFICATIONS:

Switching logic	Normally Open
Environmental	IP67
LED Indicators	Green = Power on, Red = Switch Active
Vibration Strength	9 G (Max)

Use these position sensors on any Compact Automation actuator with a magnetic piston and dovetail mounting rail
